

Project Design Phase-II

Customer/Journey Map

Date	14 october 2022
Team ID	PNT2022TMID32693
Project Name	AI-Powered Nutrition Analyzer For Fitness Enthusiasts
Maximum Marks	2 Marks

User journey

by the Design Team of Accenture Interactive NL

People
2-9

Time
30 min

Difficulty
Beginner

Creating a user journey is a quick way to help you and your team gain a deeper understanding of who you're designing for, aka the stakeholder in your project. The information you add here should be representative of the observations and research you've done about your users. [🔗](#)

1 Phases <small>High-level steps your user needs to accomplish from start to finish</small>	Open	Upload TheImage	Software Analyze The image	Displays the Result
2 Steps <small>Detailed actions your user has to perform</small>	Starting The Application	The Captured Image Is Uploaded By The User	The Software Now Starts To Analyze The Image.	The Nutrition of The Food gets displayed
3 Feelings <small>What your user might be thinking and feeling at the moment</small>	The User interested in the Nutrition Present In Image	Does The tool analyses correctly?	Does Nutrition analysed accurate?	The User Will see the Analysis Displayed
4 Pain points <small>Problems your user runs into</small>	Analysis Time	Quality Image	Training OfModel	Difficulty in Understanding The Terms Present in Analysis
5 Opportunities <small>Potential improvements or enhancements to the experience</small>	Improved Booting Time and Processing Speed	Complete Analysis with Advanced Models	Training the Model with Improved Data Set and updating to User	Interactive Results for Easy Understanding
